Allowable Subject Matter

1. Claims 1-2 and 4-7 are allowed.

The following is an examiner's statement of reasons for allowance: The prior art neither anticipates nor renders obvious a tool exchange device as claimed in independent claim 1, 2 or 6 wherein the combination of limitations includes a second engagement member provided on another side of the holding portion, the second engagement member having a second engagement projection piece having an intermediate part opposed to a horizontal engagement surface of the second step portion and having end surfaces formed on sides of the intermediate part in abutment against portions of the main body portion formed on sides of the second step portion (claim 1); the moving unit includes a moving guide that movably supports the first and second engagement members between the engagement position and the withdrawal position and an energizing unit that energizes the first and second engagement members to move toward the engagement position (claim 2); or a second engagement member provided on another side of the holding portion, the second engagement member having a second engagement projection piece having an intermediate part opposed to a horizontal engagement surface of the second step portion and having end surfaces formed on sides of the intermediate part in abutment against portions of the main body portion formed on sides of the second step portion (claim 6).

The closest prior art is as detailed in the previous office action.

Applicant's arguments were persuasive, and the amendment to the claims overcomes the prior art. Furthermore, there is no motivation found to modify the prior art to obtain the claimed invention as currently amended, and to modify the prior art to obtain the claimed invention would require hindsight.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
